

Annual eye exams just got cooler

One&Sun™ — an exclusive DeltaVision benefit

When eligible DeltaVision One & Sun members and their covered spouses¹ get an annual eye exam, they can claim a pair of designer sunglasses at no additional cost — just for using the vision benefits they already have.

Regular eye exams support healthy habits and overall well-being — and Delta Dental and DeltaVision are committed to making wellness a priority. The style boost is a bonus!

How it works

- 1 As an eligible member, when you have a routine eye exam and DeltaVision receives a qualifying claim, you will automatically receive a unique redemption code in the mail.
- 2 You will then have 90 days to visit oneandsun.com and choose from several popular styles.
- 3 Once you enter your redemption code, provide your shipping address and submit your order, your new sunglasses will arrive within 10 business days.

Why eye exams are important

Regular eye exams can help **identify early signs of chronic health conditions** like high blood pressure, diabetes, heart disease and high cholesterol.²

People are **4 times more likely to get an eye exam than a physical**, so it's often the first sign something is wrong.³
