Nearly four out of every five practicing dentists in America have joined one or more of Delta Dental’s networks. Why do so many dentists choose to participate? Because participation in Delta Dental networks isn’t just good for your patients – it’s good for your practice.

Why participate in our networks?
The Delta Dental System is the nation’s largest, most experienced dental benefits provider. From a small group of dental service corporations in 1954, Delta Dental has grown to serve 59 million people in 97,000 groups – that’s more than one third of Americans with dental insurance.

Joining Delta Dental’s networks gives you truly national exposure to a large potential patient base. It also means you are guaranteed to receive payment for services based on the agreed-upon fees, regardless of which Delta Dental member company administers a patient’s dental program.

Access
It’s a fact that people with dental insurance visit the dentist nearly twice as often as those without. It’s also a fact that more Americans are seeking care from in-network dentists.

What does this mean for you? There are 59 million patients seeking the services of dentists in one of the Delta Dental networks. Whether patients are covered under Delta Dental Premier®, our managed fee-for-service program; Delta Dental PPOSM, our preferred provider program; or DeltaCare, our dental health maintenance organization, they are given incentives to seek care from participating dentists.

Easy Administration
Delta Dental’s state-of-the-art claims processing systems and expert claims reviewers handled more than 90 million claims last year with over 99 percent accuracy and our speed and accuracy only continue to increase. With quick, accurate claims processing, technology support and unrivaled service, we give you more time to do what you do best – care for your patients.

At deltadentalnj.com, your office has online, anytime access to benefit and eligibility information and claims status.

Mission
As the first to specialize in dental benefits, Delta Dental is passionate about oral health and its importance to future generations. Nationwide, Delta Dental member companies make donations to support programs that focus on preventing dental disease, expanding access to care, advancing dental science and understanding connections between oral and overall health.

Our employees live where you live. Together, we’re working to improve the quality of life for the people in our communities.

Joining is easy
